

Presenter Training and Dataset Overview

1. Using the SOS software

- Starting the SOS Software – SOS Stream GUI
- Changing Playlists
- Using a Playlist
- Controls for the Keyboard and GUI

2. Using the Wii Remote

- Connecting the Wii Remote

3. Creating playlists

- Playlist.sos
- Playlists for Presentations
- Making a Playlist
 - There are two main ways to make a playlist
 1. Manually type of the playlist
 2. Use the playlist editor

4. Giving presentations

- Docent Led Presentations

5. Data Organization

- Data is in 5 Main Categories (matches the data catalog online)
 - Astronomy
 - Atmosphere
 - Land
 - Models and Simulations
 - Oceans
- There is a sixth category for “Extras”
- The “Library” tab in the SOS Stream GUI has a playlist for each category, which is a good way to browse all available datasets.
