

Data Lens: Exploring Earth's Visual Stories

1. What is going on in the image(s) shown?
2. Venn Diagram of Map A and Map B: How are the maps different and similar? (add similarities inside the overlapping portion of the circles)

3. If the second map is the hottest day of 2024, what day do you guess that might have been?
4. What was one observation that a classmate made that changed your thinking about the map(s)?

Reading Extension

Partner up

Student A: Read a short page about "[Weather vs. Climate.](#)"

Student B: Watches a video on "[Weather vs. Climate video.](#)"

Take 5 minutes each to share what you learned and **how this might apply to current events.**
